CU-MIRROR

The first mirror to reflect front and back simultaneously

When we are in the bathroom, we have to contort ourselves in strange ways in order to reach the back of our head, our neck or back. The new CU-Mirror reflects the front and back of the body at once, and makes things quite a bit easier for us. Style your hair, shave neck hair, clasp on a chain... all this is now possible with no effort: unadulterated bathroom comfort!

The mirror cabinet consists of two pivoting panels with mirrors on either side. A camera is integrated in the inner side of the left panel.

A screen is built into the mirror of the right panel. The compact camera streams the images in real time and in high definition. You immediately see every action you perform, displayed without delay in smooth and razor-sharp images.

Dimensions

1200 mm → 2000 mm

combined with sound bar
1200 mm → 2000 mm.

This is how CU-Mirror works

Operating the CU-Mirror is a breeze.

A You open both panels of the mirror cabinet and adjust the camera to the desired height.

B Thanks to the high-definition display on the screen, you get a razor-sharp image. You can now style, braid, brush, fix ties,... to your heart's content. You no longer have to contort yourself in uncomfortable positions.

C Enjoy the result!

More than a gadget

Along with the unrivalled comfort, the CU-Mirror has all the qualities you can expect from Alke.

LED lighting

The energy-saving LED strip is perfectly integrated into a small overhang. So you always have a clear view of what you are doing.

Combibox

Each CU-Mirror comes standard with a combibox. A functional hub which you can freely equip with a double electrical socket or a socket and a USB-charger.

Perfect finish of your choice

CU-Mirror is available in all colours and designs from our collection. This way you can easily combine the mirror cabinet with all our bathroom furniture. Inside the cabinet there are glass shelves and you get the same high-quality wood finish as with all our products.

All Alke products benefit from a 5 years service-guarantee*.
