

TOP-800J

Hydraulic breaker

			TOP-800J
Operating weight	BOX type bracket	kg	6150
Overall length	BOX type bracket	mm	4271
Chisel diameter		mm	190
Frequency		bpm	220-300
Relief set pressure		MPa	22-25
Oil flow consumption at working pressure		L/min	320-420
Piping internal diameter		mm	32
Carrier machine weight		ton	60-80
Equipment	Accumulator		○
	Auto Stop system		○
	Speed adjuster		×
	Auto greasing kit		○
	Under water kit		○
	Unique parts composition		○
	Unique drive system		×
Energy Impact*		J	37,418

The operating weight varies depending on the type of bracket and the base machine.
The performance data vary depending on the base machine.
The specifications above are subject to change without notice.

Piston:

The cushioning effect of the low pressure gas sealed in the upper part of the piston has made striking force even more powerful.

Shank bushing:

Extended length provides a larger bearing surface and minimizes wear.

Working tool:

Selected special high quality steel and the most advanced heat treatment available anywhere ensure outstanding wear and shock resistance.

Valve:

By external control valve on the breaker body, the structure is simple, light weight, and high maintainability. (*Excluding TOP-11J-32J)

Accumulator:

Makes high impact power (From TOP-205J-) It has mechanism that reduces the burden on the excavator and has excellent durability.

Oval chisel pin:

The strong oval shape allows turning over right, left, up and down, distributing wear evenly and extending service life.

Okada Aiyon Corporation develops and manufactures a variety of attachments like hydraulic breakers, demolitions crushers, shears and cutters to be mounted on excavators, backhoe loaders and skid steer loaders. The whole range provides solutions for the demolition and recycle industry, civil engineering, construction and infrastructure industry and others.

We continuously strive to develop new technologies, concepts and machines in order to maintain our industry leadership worldwide.

Company Name	OKADA AIYON CORPORATION
Head Office	4-1-18, Kaigan-dori, Minato-ku, Osaka 552-0022, Japan TEL : +81-(0)6-6576-1268 FAX : +81-(0)6-6576-1516 Website : www.okada-aiyon.com
Established	July, 1938
Stock's Listing	Listed on the First Section of the Tokyo Stock Exchange. (March, 2016)
Europe Office	OKADA EUROPE B.V. Marten Meesweg 25G, 3068AV Rotterdam, The Netherlands TEL: +31-(0)108991395 Website: www.okadaeurope.com
Sales Facility	90+ dealers across more than 31 EU countries.
