

 **Libert**
paints

PROTECTION MADE EASY

Libert Paints, paint is in our blood ...

- **Founded in 1874**
by the family Deny as a shop in the center of the city of Ghent, Belgium, the heart of Europe.

- In 1925, Joseph and Theo Libert buy the paint factory and start producing decorative paints.
- About 30 years ago there were two highly specialized companies :
Libert Paints and **Oxyplast**, pioneer as a producer of highly specialized powder coatings.
- First Belgian producer with **Ecolabel**.
- In 2016 Libert Paints moved to a **new factory** in Ghent.
- Today, the company is run by **the fourth generation**.

A complete range of paints and paint systems.

- **Libert Paints is active in various domains with highly qualitative paint systems.**
To make your choice easier, we have divided our different ranges in three main product groups.

• **Industrial Paints**

- 1 pack polyurethane paints
- 2 pack polyurethane paints

• **Building Paints**

- Paints for outside walls
- Paints for wood
- Paints for inside walls and ceilings
- Paints for floors
- Hygienic and antibacterial paints

• **Decorative Paints**

- Paints for inside walls and ceilings
- Paints for wood
- Paints for outside walls
- Own colour collection
- Fluo and Metallic Paints

**High qualified R&D
department**
