

PRODUCTION FACILITIES OF SOUBRY

Belgium

Project

For the production facilities of Soubry, Belgium's leading pasta manufacturer, we supplied more than 7,000 litres of HACCP-compliant paint for a total surface area of 18,000 m².

Walls, ceilings and concrete structures were coated with **Liboclean**, a water-based interior wall paint that meets stringent HACCP and food safety standards. Durable and easy to clean, it contributes to a safe and hygienic working environment.

Paint system

Walls, ceilings and concrete structures: **Liboclean**.

Painting contractor: Color by Cherchye: www.color.be

Paint distributor: Vandeweeghe: www.vandeweeghe.be
