

PRIVATE HOUSE

Belgium

Project

An authentic farmhouse in Lokeren (East Flanders) was completely renovated using the Resilox siloxane paint system from Libert Paints. The façade was not only refreshed, but also durably protected against weathering. The end result is a stable, timeless finish that respects and enhances the rural character of the property.

Paint system

Primer: **Resilox V1 Fixprim**

Intermediate: **Resilox V1 MFR Quartz**

Top coat: **Resilox V1 Finish**
