INVITATION TO THE TECHNOLOGY DAYS DMG MORI BELUX

Dear Madam, Dear Sir,

High productivity and customer-oriented flexibility are key success factors.

For this reason we are pleased to invite you to our Horizontal Technology Days on the theme horizontal milling machine NHC 5000 and 4-axis universal lathe NLX 2500.

On 23 November, together with our major partners, we will show you, in theory but also with the help of many live demonstrations, how to optimize your production process and obtain considerable benefits for your company.

During this seminar, you will be able to see the 4-axis lathe NLX 2500, the best lathe in the world in its category, as well as the horizontal milling machine NHC 5000 with highest stability, precision and dynamics.

Come and enjoy the experience of our partners and move forward.
